	1. 1. automor current customer feedback on
	Examples of ———— can include customer surveys, customer feedback on
	delivered products and services.
	(a) Customer satisfaction.
	b. Customer contact.
	c Customer perceptions.
	d. Quality assurance.
	In ISO 9001: 2015, the "Internal audit" sub-clause corresponds to clause-
	a Improvement.
	b.Operation.
	@Performance evaluation/
	d. TQM.

Q (1: 35 pts) IN THE FOLLOWING MULTIPLE CHOICE QUESTIONS, PLEASE CIRCLE THE CORRECT ANSWER.

. A feature of a tailor-twith a reputation for bei	made organizational route r	nap is that senior manageme	ent will have visited other companies
(a) tailor-made	(b) consultancies	(c) "off-the-shelf"	(d) "centres of excellence".
2. It is up to — of each (a) government	organization to identify the (b) management team	approach which best suits its (c) operators	needs and business operations. (d) certification body
3. The ———— is a across a number of sites		s who are attempting to deve	elop improvement plans and controls
(a) EFQM	(b) quality manual	(c) self-assessment	(d) framework
4. — is a commodel of business exce			tion's activities and results against a
(a) EFQM	(b) quality manual	(c) self-assessment	(d) framework
5. The foundation of th (a) systems and technic	e TQM framework is ques (b) culture change	(c) organizing	(d) measurement and feedbac
6. In, there sho (a) systems and technic	ould be continual focus on pr ques (b) culture change	ocess analysis and improvements (c) organizing	ent. (d) measurement and feedback
A CONTRACTOR OF THE PARTY OF TH	"how-to" guide for TQM. (b) quality manual	(c) framework	(d) a+c
	At he considered once	the organization has tal	ken some steps to improve
quality. This usually (a) systems and technic	ques (b) culture change	(c) organizing	(d) measurement and feedbar
9. The traditional app	roach equates better qual		(d) None
10. The —— accon	npany the vision stateme (b) policy	nt in a single document. (c) quality man	nual (d) None

Examples of relevant interested parties include

- a. Bankers
- b. Customers
- c. External providers
- d All of the above

Examples of relevant interested party requirements include:

- a customer requirements regarding conformity, price, availability or delivery
- b. agreements with public authorities and customers
- c. industry codes and standards
- d All of the above

Please select the correct answer:

- (a) The scope should be maintained as documented information.
 - b. The scope should be retained as documented information.
- The scope should be maintained and retained as documented information.

Please select the correct answer:

- a. Quality policy provides a framework for scope.
- (b) Quality policy provides a framework for setting objectives.
- Objectives provide a framework for setting Quality policy.

Please select the correct answer:

- Maintain documented information means the information contained in documented procedures, manuals, forms, and checklists.
- Retain documented information includes information contained in documented procedures, manuals, forms, and checklists. Communication means ensuring that information is kept up-to-date.

In order to establish the quality policy, inputs that can be considered include:

- a A clear understanding of the context of the organization.
- b. The organization's strategic direction, based on its mission, vision, guiding principles and core
- c. The level and type of future improvements needed for the organization to be successful;
- al All of the above.

Which one of the following should be considered when determining the risks and opportunities for the quality management system?

- a-The external and internal issues
- b-Relevant interested parties' requirements.
- (c) a+b
- d-Management review

The actions that an organization can take to address risks will depend on

- a- Customer satisfaction.
- b. The nature of the risk.
- c- Product design

investing in new capital equipment to launch a product line where the return on investment is unknown is an example of:

- a. Avoiding the risk
- b. Eliminating the risk
- @ Taking the risk to pursue an opportunity,
- d. Sharing the risk
